Information for sellers

- Rams to be penned by 9am for inspection and judging in the pens. The market opens at 6am and inspection and judging will start from 8am. All penning is under cover and free of charge. A limited supply of straw will be provided but vendors must supply their own forage.
- Vendors are advised not to unload any sheep at the sale before obtaining clear instructions from the sale stewards and/or mart staff. Kindly observe instructions from stewards and follow direction signs as appropriate. Stewards will take your movement documents, a copy of your valid maedi visna certificate and supply neck tags with your lot numbers on at entry to the sheep yard and prior to unloading. Please ensure you have documents to hand and comply strictly with the rules as set out by SRUC Maedi Visna Scheme.
- It is the responsibility of vendors to take their rams, in catalogue order, to the collecting pen in good time prior to entry to the sale ring. Vendors failing to comply will have their lots transferred to the end of the breed block.
- Vendors must make sure their rams have sold before leaving the market.

Pre-sale inspection and general information

·All rams will be sold subject to an inspection by the NSA. Inspection is a condition of entry to the sale but compliance with this inspection shall in no way form a guarantee to the purchaser of the animals so inspected. All rejected sheep must be removed from the sale pens. They cannot pass through the sale ring. Rejected sheep showing lesions suggestive of caseous lymphadenitis (CLA) must be removed from the sale pens immediately.

·**Though care is taken to inspect every ram for defects, the final onus remains with the purchaser.**

·The inspectors will consider the following for each ram: identification is as required by legislation; not suffering from any infectious or contagious disease; two adequately sized testicles of approximately the same size and normal consistency; of a quality commensurate with the level set by the NSA Eastern Region Committee, of adequate weight for the age, and showing no malformation in structure; teeth are in the correct position; and no abnormal deviation in the structure of feet and/or legs.

·As in 2024, rams will be inspected by a vet alongside the NSA inspection team. This will provide added assurance to buyers, although the final onus still remains with the purchaser. A buyer's warranty of 1% on the hammer price will apply and be charged to all purchasers.

·All sheep must comply with any Defra regulations in force at the time of sale.

·All rams entered into the sale are MV-accredited. Care must be taken by vendors and purchasers not to infringe MV rules and regulations. While every care will be taken by the NSA Eastern Region Committee and the Auctioneers, neither can take responsibility for any infringements, carelessness or consequences arising therefrom.

Sale information

·Selling with commence at approximately 11am.

·All rams are sold subject to the Livestock Auctioneers Association (LAA) conditions of sale and the NSA Eastern Region Melton Mowbray Ram Sale bylaws.

·The minimum bid is 300gns, unless the vendor has provided written reserves to the auctioneer to set a higher minimum price for an individual ram.

·No rams shall be sold on the premises by private treaty other than those which have been offered for sale in the ring first. All rams sold by private treaty after leaving the ring must not be below the minimum set price (300gns) and must be booked through the auctioneer and the appropriate commission paid

·Complaints must be notified to the auctioneers within one hour of the end of the sale or before removal from the market, whichever is the sooner. The purchaser shall have no rights to claim damages from the vendor in respect of indirect or consequential loss such as (but limited to) loss of profit or any other loss whatsoever.

·An Auctioneers Slip shall be handed to the purchaser upon completion and also pass out slips for sheep not sold. These must be retained carefully for inspection by stewards until final departure from the ground. All stock, sold and unsold, must be cleared by 6pm.

·NSA accepts no responsibility whatsoever for loss, injury or damage to any persons or their property.

·Details of vendors and purchasers is shared between NSA and Melton Mowbray Market but always handled within the General Data Protection Regulation and never passed to a third party. More at www.nationalsheep.org.uk/privacypolicy.
