## Information for sellers

- Rams to be penned by 12 noon for inspection and judging in the pens. The market opens at 7am. All penning is under cover and free of charge. The market prefers rams to be penned on sawdust. Vendors must supply their own forage.
- Vendors are advised not to unload any sheep at the sale before obtaining clear instructions from the sale stewards. Kindly observe instructions from stewards and follow direction signs as appropriate.
- Stock movement forms and any relevant licenses must accompany all sheep.
- Vendors of sheep are asked to comply strictly with the rules as set out by SAC Maedi Visna Scheme. All sheep must be accompanied by official certificates of current official MV status.
- Rams must be identified by means of a clearly marked paint brand lot number.
- It is the responsibility of vendors to take their rams, in catalogue order, to the collecting pen in good time prior to entry to the sale ring.
- Vendors must make sure their rams have sold before leaving the market.

## Pre-sale inspection and general information

- All rams will be sold subject to an inspection by the NSA. Inspection is a condition of entry to the sale but compliance with this inspection shall in no way form a guarantee to the purchaser of the animals so inspected. All rejected sheep must be removed from the sale pens. They cannot pass through the sale ring. Rejected sheep showing lesions suggestive of caseous lymphadenitis (CLA) must be removed from the sale pens immediately.
- **Though care is taken to inspect every ram for defects, the final onus remains with the purchaser.**
- The inspectors will consider the following:-
  - The ram's identification is as required by legislation.
  - The ram is not suffering from any infectious or contagious disease.
  - The ram has two adequately sized testicles of approximately the same size and normal consistency.
  - The ram is of a quality commensurate with the level set by the NSA Eastern Region Committee and is of adequate weight for the age and shows no malformation in structure.
  - The ram's teeth are in the correct position.
  - There is no abnormal deviation in the structure of feet and/or legs.
- All sheep must comply with any Defra regulations in force at the time of sale.
- All rams entered into the sale are MV-accredited. Care must be taken by vendors and purchasers not to infringe MV rules and regulations. While every care will be taken by the NSA Eastern Region Committee and the Auctioneers, they cannot take responsibility for any infringements, carelessness or consequences arising therefrom.

- All rams are sold subject to the National Auctioneers Conditions and the NSA Eastern Region Rugby Ram Sale by-laws.
- The minimum bid is 200gns, unless the vendor has provided written reserves to the auctioneer to set a higher minimum price for an individual ram.
- No rams shall be sold on the premises by private treaty other than those which have been offered for sale in the ring first. All rams sold by private treaty after leaving the ring must not be below the minimum set price (200gns) and must be booked through the auctioneer and the appropriate commission paid

## Sale information continued

- An Auctioneers Slip shall be handed to the purchaser upon completion and also pass out slips for sheep not sold. These must be retained carefully for inspection by stewards until final departure from the ground. All stock, sold and unsold, must be cleared by 6.30pm.
- NSA accepts no responsibility whatsoever for loss, injury or damage to any persons or their property.
